Score Cards:

Regular Tuesday Games: Two score cards are required for each group, with all players' names (first and last), handicaps, and date. ***Before they are handed into the pro, all cards must be double checked & attested by all players in each group. Cards with individual scores that do not match, may result in the disqualification of a player.*** The cards will then go to the handicap chair to use for handicapping purposes and storage.

Except for tournaments, each player will maintain or copy a personal scorecard and post her own score hole-by-hole before the end of the day if possible. A player that has withdrawn from competition after playing at least 14 holes should post an 18 hole score with any un-played holes recorded as par plus "pops" for those holes.

Tournaments:

Scorecards will be prepared by the tournament manager and the pro with handicaps listed. Scores will be posted by the handicap chair.

Playing a "Round":

Playing a round, for purposes of 'tournament eligibility' and end of year 'Participation' and "Most Improved Player" award(s), means an EPWGC member has completed at least 14 of 18 holes during any individual stroke play, team play, 'follow-the-field' play or any completed match during an EPWGC event.

Payouts:

Payouts will be calculated with the help of the pro based on the following percentages:

Day's Play and Aces Tournaments: approximately 1/3 of the field

The Invitational, President's Cup,
Spring Tournament, & Club Championship: 35-50% of field

Payouts for Days Play and tournaments will be awarded at the end of each event.

- Payouts for non-tournament play will be in the form of credit and put on the books in the pro shop.
- Payout amounts will be posted with the results at the end of the day's play.
- Payouts for Eclectic: *TBD based on money available.*
- The \$5 playing fee(s) collected as a result of "follow-the-field" players goes into a fund, which can be spent for club expenses at the discretion of the board.

Prior to play, you may participate in the following:

Chip-In Kitty - \$1.00

Any player, who chips in, on any hole, will win the pot. A player may win multiple holes. In the case of multiple winners, the pot will be split. In the case of no winners, the pot will be carried over to the following event.

KP (Closest to the Pin) - \$2.00

On designated par-3 "money" holes, the player whose first shot is closest to the pin in her handicap range, will win the pot for that hole. In the event that no one hits the green in the first shot, the money will be carried over.

Eclectic Card - No Additional Charge

From April to the end of October, each player may pick up her eclectic card to record her score for the day. If a player forgets her card, she may still participate in the eclectic IF SHE ANNOUNCES THIS ON THE FIRST HOLE. *If the intent to score a round is made, the round must be scored, even if there is no improvement.* This card is kept to any ten (10) ROUNDS.

The score for the first round will be recorded on the card. After the first round, only those holes that have a lower score will be recorded. The total best scores will be calculated for gross and the current handicap subtracted for net. The card must be initialed by the player, attested by someone in the group, and returned to the Eclectic box before you leave.

At the completion of play, players may participate in the following:

Birdie/Par Book

Birdies and Pars will be entered after play in EPWGC club events at Eagle Point.

Handicaps of 0-19 will enter Birdies only, handicaps of 20- 29 will enter Birdies and Pars, but get only half credit for pars; handicaps of 30 - 40 will enter Birdies and Pars and get full credit for both. ***A Maximum of 2 entries per round of play.***

League Rules and Clarifications for EPWGC

The following clarifications and Standing Rules will apply for EPWGC weekly events and Tournaments unless otherwise stated in the rules published for any specific event or Tournament.

Maximum allowable handicap for all league play is 40.

Hole # 2 The right-hand edge of the path is the penalty area line for the pond. You must take relief from where the ball crossed this line (***not from where the ball is found in the pond***).

Hole #10 If your ball goes into the penalty area around the corner and out of sight from the tee box, you may take relief from where your group agrees the ball most likely crossed the penalty line.

Hole #12 In the interest of “pace of play”, you may hit a 2nd ball (similar to a “provisional” as defined under the USGA Rules of Golf) if you believe your ball has entered the penalty area fronting the green and you are not sure your ball can be found or if found, that it could be hit out of the penalty area next to the green. In the event your 1st ball is found to be outside the penalty area or if found in the penalty area that it can be hit and you choose to hit it, the 1st ball is then in play.

Hole #15 If a ball is in or is virtually certain to be in the penalty area (yellow staked) area fronting Hole #15 you may take relief as follows:

- a. Proceed under Rule #17 of the Rules of Golf, or
- b. Drop a ball, under penalty of one stroke, in the area designated as a “drop zone”. You cannot tee the ball up in the drop zone.

This League Rule does not apply when a ball enters the red staked lateral penalty area on this hole. Players are to proceed under the USGA Rules for lateral penalty areas in that case.
